

3D PRINTER POLICIES

Prohibited items:

1. Items which are prohibited by local, state, or federal law
2. Items which are trademarked, copyrighted, or otherwise a violation of the intellectual property rights of others.
3. Items which may be used as weapons
4. Items which are unsafe, harmful, or threatening to others

Print design guidelines:

1. Items must be less than 8" x 8" x 10"
 2. Keep in mind that objects will be printed in one color
 3. Items with overhanging portions of their design may require support structures, which will have to be removed when the print is completed
 4. The fill density should be set to the lowest percentage that will be appropriate for the structural requirements of the object
 5. Please limit print jobs to 2 hours 30 minutes or shorter. Anything longer than that must be scaled down or altered to fit in the print duration limits.
